Foundations of Literacy			
Decode words using syllabication and morphology in context and out of context.			
Read accurately and automatically a variety of fifth grade texts with expression, phrasing, purpose, and understanding.			
Write multiple organized paragraphs that include a topic sentence, multiple supporting sentences, and a concluding sentence.			
Communication			
Organize and present information as an individual and group			

for formal and informal audiences using proper eye contact, body language, volume, and pronunciation.			
Reading			
Comprehend information during and after listening to a grade-level text.			
Summarize informational text or passage, stating the main idea and supporting details.			
Summarize a story by including major story elements.			
Determine a claim or theme based on textual evidence.			
Determine the meaning of unknown and multiple-meaning words and phrases within a text.			
Determine how literary devices contribute to the meaning of text.			
Analyze a variety of fiction and poetry texts using textual evidence for support.			
Integrate information from several texts or media on the same informational topics.			

Writing			
Write using a clear organizational structure incorporating an introduction paragraph, multiple paragraphs(body), and a concluding section			
Write organized informative pieces that include factual details on the topic.			
Write organized argumentative pieces on a topic using evidence to support the claim.			
Write using narrative techniques to write pieces that describe a well-elaborated real or imagined event in a sequence that unfolds naturally.			
Planning, drafting, revising, editing, and publishing.			
Follow standard grammar conventions mastered in previous grades.			
Inquiry & Research			
Locate relevant information from a provided set of credible sources.

5th Grade Math	Growth Reflection 1	Growth Reflection 2	Growth Reflection 3
Number & Operation			
Read, write, and compare decimals to the thousandths.			
Fluently multiply multi-digit whole numbers using strategies flexibly, including the algorithm.			
Use concrete models, drawings, place value strategies, properties of operations and/or relationships to add, subtract, and multiply decimals to hundredths.			
Find whole number quotients of whole numbers up to four digit dividends and two-digit divisors.			
Generate equivalent forms of commonly used fractions and decimals.			
Solve authentic word problems by adding, subtracting, and multiplying mixed numbers using visual fraction models and equations.			
Algebraic Reasoning			
Automatically multiply and divide through 12 x 12.			

Analyze problems using the order of operations to solve and evaluate expressions.			
Find factor pairs and multiples within a range of 1-100 and classify prime and composite.			
Generate two numerical patterns using two given rules and form ordered pairs consistent of corresponding terms from the two patterns. (Graphing on a coordinate plane)			
Geometry and Measurement			
Classify two dimensional figures in a hierarchy based on properties.			
Form ordered pairs and graph points in the first quadrant on the coordinate plane to solve word problems.			
Generate conversions among different sized measurement units within a given measurement system.			
Data, Probability, and Statistics			
Generate data and create line plots to display a data set of			

5th Grade Growth Reflection

unit fractions ($\frac{1}{2}$, $\frac{1}{4}$, $\frac{1}{8}$).			
Utilize graphs and diagrams to represent, analyze, and solve authentic word problems.
